

don't intend to get to UK this summer because it's the summer of the preparations for the Big Move of the Olson Library (replica) from Vancouver to the Cape Ann Historical Association in Gloucester. I'm going to do a Jack Kerouac & U-haul it myself, with a 60 year old Morie(ar)ty. Very exciting but there's a downside that I've just (very just!) become really aware of: I won't have the books any longer! Oh well, in these matters, one has to get ^{done} what needs doing while one can (i.e. is able bodied enough), so be sure it gets done.
